

Car Rider Arrival

The car rider line entrance is located off Katy Fulshear Road, next to The Rocking Horse Nursery School. At the front of the school there will be assigned staff to greet students. Parents, please wait until you reach the first available cone before your child exits the car. We ask that your child is ready by the time you get to the cone. For safety reasons, we are not able to unbuckle safety restraints. All students will exit the car on the side closest to the building. Please do not attempt to pass another car while in the car rider line. Stay in a single-file line until you exit the driveway and refrain from passing any vehicles. As a reminder, our doors open at 7:00 am. Please do not drop off your child before then, as we do not want them left unattended. Parents are not permitted to park in the north or west parking lot in the mornings to walk their students into the building. Please help us to keep all of our Huggins Hounds safe!

Car Rider Dismissal

Please place your car rider tag on your rearview mirror with the number facing out. A staff member will be walking the line, recording your car rider tag number. You will pull up to the first available cone and the staff member will match the car rider number on your car tag to the number on the child's transportation tag. If you are carpooling, you must have the tags of all the students you are picking up. **We will not release any students without an official Huggins car rider tag.** If you do not have the car rider tag you will need to park and come into the building to check your child out in person, making sure you have valid identification. Check-out from the office will occur once the car rider line is clear. For safety reasons, we are not able to buckle safety restraints. Please do not attempt to pass another car while in the car rider line. Please stay in a single file line until you exit the driveway and refrain from passing any vehicles. Please note that students will not be released from the front doors or to parents that walk up.

Thank you for your cooperation to ensure we have a safe and efficient car rider line!
